EMPLOYEE OF THE QUARTER  
DYLAN BRITTINGHAM  
FOOD & BEVERAGE

DYLAN is a bus boy who has been with the Club for more than 2 years. He is an energetic 20 year old and has been working hard to build his skills and

attention to detail. Originally from Philadelphia, he and his family moved here nearly 14 years ago and have enjoyed the beach area ever since. A graduate of Fletcher High School, Dylan is currently attending UNF seeking degrees in Sports Management and Journalism. In recognition for his hard work and his dedication as well as his great improvements Dylan has been named Employee of the Quarter for the 2nd Quarter of 2010. Please congratulate him the next time you see him in the Clubhouse, his height should make him easy to spot!

SUMMER TIME!

DEAR FRIENDS,

Membership and outside golf play continue to be our focus as we strive to meet our revenue goals. We are continuing to see a positive trend in membership growth and fewer resignations in 2010. We also had a much better response to our Summer Pool Membership with over 50 sold this year. Our goal is to deliver the best experience possible to those new families and bring them on as one of our regular memberships by the end of summer. As you consider the Club's membership options, keep in mind an upgrade to Sport or Full has the added benefit of using Beaches Fitness and Racquetball (formerly MPTS). If you're paying for a separate gym membership, this might be a good time to look at using our relationship with this full featured fitness center.

Elsewhere in the newsletter my staff has made an effort to bring current events and Club information to your attention. Please take a moment to read the articles from Chef Shane (he has new menus arriving

soon) and Chris Durkee discussing our challenges with golf course irrigation in midst of a drought.

I often am approached with ideas or suggestions from members while here at the Club and it is always welcome. Check out "Ask Dave" on our website which contains a link to

my email, another easy way to communicate your thoughts. We are working on getting additional convenience features on our website including member tee times. Please look for us at [www.selvamarina.com](http://www.selvamarina.com) for the calendar of events along with current and past newsletters. We also are actively posting to our Twitter and Facebook accounts. Visit these sites and become a fan of Selva Marina!

Best Regards,

# “CELEBRATE SELVA”

The weekend of August 7th and 8th we are going to have organized activities that all members can enjoy to celebrate the Club. In conjunction with this we will be running Beautification Tournaments for Tennis and Golf. We had these tournaments a few years back and they were a blast. The events for the weekend will also include a party Saturday night and pool games Saturday afternoon. The beautification element of the weekend will be to target physical improvements around the tennis courts, on the golf course and to heat the swimming pool. Please be on the look out for more information and if you would like to help make this a great celebration please volunteer to help with the planning. Please e-mail Christine at [secretary@selvamarina.com](mailto:secretary@selvamarina.com) and let her know in what area you would like to help. We are also looking for prize donations. If you own a business or know someone who does and they would like to contribute a gift certificate, discount coupon, hole sponsorship or tennis sponsorship please let us know this as well.

The energy around the Club this past month has been awesome. If you have not been to the Club to eat, drink, swim, play golf or tennis, hang out with some friends and laugh a bit, attend Culinary University, go to a Friday Nighter, have Sunday brunch, take your child or grand child to camp, attend a swim meet, play bingo, workout with Barbies Bootcamp (guys can attend also), attend Meal Deal on Wednesday, go on a Scavenger Hunt, take a golf or tennis lesson, celebrate a birthday, eat at the world famous Seafood and Prime Rib Buffet or.....then you have been missing a

lot of fun at the Club.

Our Club is a great asset of the community. And will always remain with your support. If you ever have an event you are planning or know of one that is being planned please suggest they use the Club. The Club has one of the largest dining rooms at the beach and is very flexible in the types of events we can hold on the property. This past month we hosted Alex's Lemonade Stand that was organized by the Dilworth Family. This was a great example of how Selva Marina can be used to support the community. Please keep us in mind.

Have a Great July and sign-up now for the best Fourth of July Celebration at the Beach. And remember you can follow all the happenings at the Club on Facebook. Sign-up today and be a fan. I look forward to seeing you at the Club.

Thank you for your support and I look forward to seeing you at the Club. Sincerely,

*Alan Ennis*

## TURF TALK Golf Course Super., Chris Durkee

Looking back over the last few weeks it is hard to imagine that this course condition update will be viewed in July. It seems like just a few short weeks ago we were struggling to grow grass to repair our course from the toughest winter in Florida's history. Springtime has brought with it a respite in the weather, and although we still have not seen our optimal growing conditions, we have made much progress on all of our greens and are looking forward to a busy summer of golf.

The recovery process has not been an easy one. Root decline from parasitic nematode pressure slowed our progress in early spring but once those nematode counts were brought under control and fertility rates increased, the greens really started to rebound and have begun to fill in nicely. Our worst performers - #'s 4, 5, and 6 have especially made a lot of progress during this time, although much work still remains. We are utilizing all possible scenarios to speed the pace of our recovery, including high fertility rates, plugging new turf, heavy topdressing and in some cases, sod was used to finish the grow-in process. You have no doubt noticed all of these practices being utilized on many of the greens with great success. While high fertility rates increase the pace of the process, they can also help to create slow putting surfaces from excessive top growth. We are combating these side effects with daily double cutting and rolling, weekly verticutting and topdressing, and bi-weekly applications of plant growth regulators. As the greens continue to recover, fertility rates can be gradually reduced helping to increase green speed.

Unfortunately, on June 7th, our 60hp vertical pump finally quit operating. This pump has been getting weaker for several years and the wear and tear of pumping poor water quality from Sherman's Creek finally have taken their toll. The pump and motor have been removed and are presently being replaced and rebuilt from the top down. The good news is that this is a HUGE step in improving our irrigation capabilities. The difficult part is this will severely limit the amount of water we can throw until we reinstall the new equipment. You will no doubt see more fairways being watered throughout the day and we will do the best we can to limit the effects of the drought and should be back to full strength in 5-7 days. Of course we also will continue to aggressively push the healing process forward until our greens are back to tournament condition for our summer golf season. I would again like to thank everyone for their patience and understanding during these trying times and really wish everyone would please pray for rain.

## DIRECTOR'S NOTE

Selva Summer Tennis is Rocking!

We are pleased to announce increased activity in all areas of the tennis operation. This summer we instituted three new teams! The men have a 7.5 combo team Saturday mornings and a tri-level team Tuesday night. The ladies had enough players to form two tri-level teams on Thursday mornings.

The juniors are also flooding the courts with two 12-14 beginner-intermediate teams and two 18 and under intermediate teams. Selva Kid's Camp is also a success introducing kids to golf and tennis, as well as, allowing time for board games, bocci, croquet, and many other fun activities.

Some other highlights include adding a Women's A Team that will play on Thursday mornings and getting more men out taking lessons and playing more.

It is our aim to offer a comprehensive tennis program. If you would like to get involved we'd love to help you get started! Feel free to call me at 246-3766.

Sincerely,  
REB Phillips

# CLUBHOUSE

## FROM THE KITCHEN

*Executive Chef, Shane Chesire*

I am so pleased to see everyone enjoying themselves at the Club. Our Meal Deal dinners especially, remain popular. Of course, I am aware that many of you wish to know what my secret is to make the Fried Chicken come out so well but I must refrain. This is a secret recipe I have developed over the years and ask your forgiveness as I keep this one to myself. I will say that the Chicken is marinated prior to frying but I'm afraid that is the most detailed information I can provide.

We are fortunate enough to have a new Sous Chef in the kitchen to help out. Andrew Ferenc comes to us most recently from Aqua Grill in Ponte Vedra but he and I worked closely together during my time at 1st Street Grill prior to that. Andrew is a great asset and I hope you enjoy what he will bring to your experience here at Selva Marina. Andrew and I are currently working on a new A la Carte Dinner menu. We expect to have this ready for implementation before the end of the month. I look forward to hearing your feedback on this new menu.

I, like many of you have concern over the oil spill in the Gulf. While the entire event is a tragedy, I am seeing a direct impact on a few select fish varieties as well as Crawfish and Oysters. However, the biggest impact currently appears to be Shrimp pricing and availability. The price for shrimp alone has doubled in recent weeks and may increase further. We are doing our best to keep these price adjustments from impacting your experience at the Club by focusing our event menus towards items that will provide you a quality product and a better value.

I also wanted to remind you that I am available for questions or comments. Please ask your server to find me or I am also reachable via e-mail at [chef@selvamarina.com](mailto:chef@selvamarina.com).

Bon Appétit!
