SELVA MARINA RECONSTRUCTION PLAN

Selva Kid's Shack is now open. Parents can drop off their children ages of 18 months to 11 years old while they are on the property utilizing other services. The good thing is the Kids Shack did not cost the Club any money as the labor and toys in the facility were donated and the fee for services will pay for the staff. This service may not appeal to all members but it is an additional service that can help us grow. Thank You again to all the members that donated their time, toys and ideas to make this happen. Your generosity is greatly appreciated. Great ideas like the Kids Shack become a reality when everyone comes together to make it happen.

What other suggestions do you have??? I would like to invite all of you to drop me a note at president@selvamarina.com and share your ideas. I know there are many areas that need attention but if you had to pick one or two areas to focus on that can help us grow and retain membership what would they be? The Board will continue to evaluate the needs and ways to accomplish these needs in a very cost effective manner.

We are in the planning stages for a Selva Marina Beautification weekend in August. This will be a weekend event celebrating the Club while having Golf and Tennis tournaments and fun pool activities. The purpose is to raise some funds in a fun way to make beautification improvements to the Club. Be on the look out for more details soon.

As I stated last month one of our keys for success will be member usage. This is one part of our revenue that is not as strong as years past and below our budget for the year. So while you are sending me the e-mail about improvements let me know your thoughts on how to increase member usage. On the subject of Club operations, the Board is in the very early stages of exploring an idea of utilizing some of the services of Hampton Management. Rest assured this is not an idea that is being explored in order to "turn the Club over to Hampton" or give up any control of the Club. The Board is investigating whether an affiliation with Hampton Management might aid in our purchasing and growing Club revenue. Given the current membership levels and the financial stress the Club is under all ideas must be explored to help improve the Club's financial performance. As they say you cannot continue to do the same things over and over again and expect different results. I emphasize the Club is not turning over the operations to Hampton Golf. So rest assured we will continue to be a Club that is lead by its members and will maintain the same unpretentious, family friendly atmosphere it has always had.

I appreciate your continued support of the Club and as always please let me know if you have any questions. I will be in touch soon with updates as we progress through the year. I look forward to seeing you at the Club.

Sincerely,

Alan Ennis
